

## How to search for a Certificate of Analysis using the product Lot number

You can search for the Certificate of Analysis (CofA) that corresponds to the product you have purchased. Lot numbers can be found on every product label.

To search for a specific CofA, go to the 'SUPPORT' page on our website. Enter the Lot number printed on your product label into the 'Search for documents' search bar and press enter.

Search for documents:

91360305

The search will bring up a link to the CofA document with the corresponding Lot number as shown below; press on the link to open and download the .pdf file.

New search:
